

Release notes - UNiverse - 2.11.3 - Events

Bugs fixed:

- MEDME-8151 [Overview Board] The data is rewritten in the endpoint every time when user has a new role and the previous ones are deleted
`/api/overview-board/structure`
- MEDME-8158 [Overview board] Error 403 appears when the user login as regular user
- MEDME-8160 [Overview Board] If the user does not have a template, the loading process will be endless
- MEDME-8813 [OB] Empty page when a user has no widgets on Event Overview
- MEDME-8986 [Events] Notify Before Due Date (Days) does not working on Birthday template
- MEDME-8988 [Events] Wrong text. 'Valid till' displayed on the bd date
- MEDME-8996 [Events] Deactivated person cards are displayed on the Overview tab (Birthday template)
- MEDME-9143 [Events] Some items are moving on the filter dropdown
- MEDME-9571 [Events] No translation for 'Filter by Visibility' in German
- MEDME-9573 [Events] Default value 'Not visible' checked
